Additional items or items not listed may be installed for an hourly rate billed at a minimum of 1/2 hour. All prices are quoted at our facility. Onsite installation is available for an additional cost. Due to safety concerns prisoner partition and push bumpers **must** be vehicle specific.

Warranty: Installation services performed by CECS are covered by our “Workmanship Guarantee”. If you should experience problems related to our installation you will not pay any additional labor charges for the repair. Warranty does not apply to normal wear and tear, improper maintenance, tampering or alterations of work performed by CECS.

Defective Equipment: If within 90 days of installation you experience defects with equipment that was purchased from and installed by CECS we will remove the defective equipment and reinstall the “manufacturer warranty” replacement equipment at no additional cost.

OEM Wiring: Due to conflicts with onboard computers as well as warranty issues, CECS will **not** alter the OEM wiring unless specifically authorized by the vehicle manufacturer. It is recommended that customers purchase the OEM wiring harness/kit available for most police vehicles which provides sufficient wiring points for most applications.

Vehicle Glass: CECS will **not** remove any equipment or brackets that are attached to the vehicles glass. This service should be performed by a professional glass company.

CECS Inc. Reserves the right to alter or change prices and information without notice.

¹ Police Package Vehicle is defined as a vehicle designated by the manufacturer for use as a police vehicle. Civilian models and Special Services vehicles are not included. Additional charges apply for non police package vehicles.
